**POINT GREY**
Innovation in Imaging

Point Grey Gigabit Power over Ethernet Network Interface Card
with PoE, PCIe 2.0 x1, Dual Port

- Designed specifically for Point Grey PoE cameras
- Sustain maximum bandwidth over each port at the same time
- Enable jumbo packets to minimize CPU usage
- Use low rise profile bracket for 1U or 2U industrial enclosures

GIGE-PCIE2-2P02

General Specifications	
Chipset	Intel® 82574L Gigabit Ethernet Controller
Bus Type	PCI Express Gen 2 x1 at 5.0 GT/s
Network Interface	2× 1000/100/10 BASE-T
Hardware Certifications	RoHS, CE, FCC
Power Delivery	15.4 W per port fully isolated (including port to port isolation)
Interal Power Connector	1 - LP4 (4 pin; Molex Large Drive Power) Male
PoE Standard	802.3af
Operating Temperature	0°C to 45°C ambient
Storage Temperature	-30°C to 60°C
LED Indicators	1 Power LED, 1 Link Status LED
Dimensions	12.1 x 12 cm (Length of card x Width of end bracket)
Accessories	Low-profile PCIe bracket included
Warranty	2 years

The GIGE-PCIE2-2P02 is compatible with all Blackfly BFLY-PGE camera models
